Re: Letter of Appreciation

Glenn,

It has been a very enjoyable pleasure for both the Intellenet Training Academy School Director and the Intellenet Director of Training to have associated with a true professional both prior to and during the Intellenet 32<sup>nd</sup> Annual conference in Las Vegas, Nevada. We both extend our sincere appreciation to you for the time you spent on the preparation and presentation of your dynamic topic, "Working with Mental Health Experts in Risk Prevention." Your comprehensive and practical presentation afforded the seminar attendees a thorough and entertaining understanding of the value provided to the mental health practitioner by the professional investigator, while at the same time engaging your audience with the knowledge of the benefits of working in conjunction with mental health experts. We also want to tell you how much we and the attending Intellenet members and guests enjoyed your superb presentation to Intellenet's Conference on Wednesday, April 29, 2015.

We both have reviewed the critiques that were completed by individuals who attended your presentation and we are extremely pleased to inform you that the comments made left no doubt your presentation was indeed an extremely pleasant learning experience based upon the numerous very favorable comments made regarding your subject matter knowledge, your professional presentation and that the information you provided was extremely valuable, very current and thoroughly professional. The very informative presentation that you provided was a valuable overview of one of the more challenging and interesting aspects of our profession. Thank you very much for an educational, enlightening and stimulating presentation.

We both look forward to the possibility of having you as a speaker at a future Intellenet event.

Sincerely,

Robert Dudash, School Director  
Intellenet Training Academy

George Michael Newman  
Intellenet Director of Training
